Standardization efforts:
CEN, ISO, Digital Twin Consortium

Data compliance:
data formats, automation,
AI in product compliance

EU & global regulations impacting digitalization

Engagement strategy with policymakers & industry bodies

Short-term & long-term digital transformation goals

Expected outcomes & industry impact

Classified as Internal and General Business

CONSTRUCTION PRODUCTS EUROPE
LET'S BUILD AN EFFICIENT EUROPE

Digital Construction workshop

We all agree DPPs boost transparency.

So how do we align DPP with CPR & ESPR to avoid data duplication, protect trade secrets, and keep SME costs in check - while preserving true EPD comparability and on-site usability?
